Low-Income Home Energy Assistance Program (LIHEAP)

Seasonal Program

Funding Source: Department of Energy through Kentucky Association for Community Action, Inc.

The Subsidy component of the program provides a subsidy to low-income residents. The benefit amount that a household receives will be based on its level of poverty and the type of fuel used for heating. All eligible households will receive a benefit. This component operates in November and December each year.

The Crisis component of this program assists low-income households facing a home heating crisis situation. Eligible households must be without heat or have received a disconnect notice from their primary heating fuel vendor. Benefits are limited to the amount necessary to relieve the crisis and households may be responsible for a co-payment. This component operates in January and runs through March or until funds are depleted.

Summer Food Service Program

Seasonal Program

Funding Source: United States Dept. of Agriculture through Kentucky Dept. of Education

Serves meals and snacks to children 18 and under. This program operates in the summer months while school is not in session.

Support Services Program

Seasonal Program

Funding Source: Community Services Block Grant through the Kentucky Cabinet for Health and Family Services

This program is a collaborative effort between participants and case managers to set goals in areas including but not limited to education, employment, and housing that will improve participants' self-sufficiency and income level. Enrollment in the program includes direct service through one-on-one meetings, referrals to outside agencies, and follow-up.
